of Engineers®
Jacksonville District
Regulatory Division**

EMERGENCY PERMIT REQUEST FORM

To be completed by applicant seeking authorization under
emergency permitting procedures

1. Contact Information.

Applicant Name:

Applicant Phone:

Email:

Agent Name:

Agent Phone:

Email:

Statement of Authorization: I hereby authorize
to act on my behalf as my agent in the processing of this request, and to furnish, upon request,
supplemental information in support of this request.

2. Project Location.

Name of waterbody:

Latitude:

Longitude:

Project address:

3. Work Description.

Describe the proposed work, as well as any work completed and/or begun without prior written
authorization from the Corps:

Describe the nature and circumstance of the emergency and why the proposed actions are
necessary to control the immediate impacts of the emergency:

If dredging is proposed, provide the area (square feet or acres) to be dredged and estimated cubic
yards of material to be dredged, as well as the location of the disposal area and retention method of
dredged material:

**U.S. Army Corps of Engineers, Jacksonville District
Emergency Permit Request Form**

If filling of waters (including wetlands) is proposed, provide the type of waters to be filled, the area (square feet or acres) of waters to be filled, and the estimated volume (cubic yards) of fill material. Provide the type and source of fill material and retention method:

4. Description of Avoidance, Minimization and Compensation.

Describe methods to avoid and minimize impacts to aquatic resources and federally protected species (including best management practices, construction conditions, etc.) and any compensatory mitigation proposed:

5. Listed Species.

List the names of any federally protected species or critical habitat that may be present in the area:

6. Historic Properties.

List any known historic properties that have the potential to be affected by the proposed work:

7. Affects to Civil Works Projects.

Will the proposed work alter or temporarily or permanently occupy or use a U.S. Army Corps of Engineers federally authorized civil works project? Yes No

8. Additional Information.

Provide the following information as attachments to this form:

- Legible site plans or construction drawings showing the proposed work area and locations and dimensions of proposed work. The following page provides a blank space to draw if needed.
- Vicinity map showing the work area: Street address, city, county, state, Section, Township, Range, river mile (if applicable), etc.
- Photograph(s) of the affected area(s).
- If applicable, provide checklists pursuant to the Jacksonville District Programmatic Biological Opinion (JaxBO). Information on JaxBO is located here: <https://www.saj.usace.army.mil/Missions/Regulatory/Source-Book/>.

Emergency Permit Request Form**

9. Applicant Acknowledgement and Signature.

I, the applicant, acknowledge the following statements:

- All mitigation, as required by the Corps, will be performed.
- The work will be performed in a manner that would avoid and minimize impacts to waters of the U.S., including wetlands, to the maximum extent practicable.
- Should historic or cultural resources be discovered during the work, all work would immediately cease, and the Corps and State Historic Preservation Office would be immediately notified.
- No impacts would occur to species listed as threatened or endangered under the Endangered Species Act.
- The work would be completed in an expeditious manner.
- In areas of temporary fill, any impacted area of waters would be restored as near as possible to pre-emergency conditions.
